## Offering an unrivalled choice of equipment from the world's leading manufacturers.

For more than 20 years Sprint Group has sourced products from the biggest and best names in the catering industry.

Our dedicated team has the experience and expertise to meet our customers' exact requirements - first time, every time.

Featuring state-of-the-art products from the world's most respected brands, our extensive selection of more than 500 counters and servery cabinets offers customers an unrivalled choice of equipment and exceptional value. From single countertop units to bespoke counters, we've got it covered.

We're in constant contact with all manufacturers to monitor the development and availability of new and upgraded products and regularly carry out price comparisons to ensure we offer our clients the best products and prices.

Customers can also rest assured that we scrutinise every manufacturer carefully and only supply products that are CE certified and comply with strict UK and European manufacturing standards.

At Sprint Group, we take great pride in our knowledge and understanding of the catering industry, providing the highest professional standards in everything we do. When it comes to counters and servery cabinets, we know our business.
